

Help files in DB TextWorks

DB Text Works has useful Help files in the database which can be located in the Menu Bar. The following example shows how to look for information on Validation Lists.

The Resources Page of the website for Maxus provides technical tips and also has a FAQ sheet - <http://www.maxus.net.au/resources.html#TIPS>

Information is also available on the Inmagic website in the Support Knowledgebase - <http://support.inmagic.com/downloads/extranet.html>
